'The Responsible Animal Care Society'

this Saturday at
Buckfields
where they we will be
attempting to
"Stuff the Bunny
Mobile"

TRACS has recently saved over 500 rabbits off the streets of Kelowna. These bunnies have been fostered, spayed/neutered and sent to sanctuaries to live out their lives free of danger. Although TRACS has received the maintenance contract with the city of Kelowna, the funds do not cover food, shelter, or veterinary bills. Cash donations are of course always accepted as well.

We will be marking items within the store which are needed for the Bunnies on an ongoing basis. These items can be purchased in the store and stuffed into the Bunny Mobile. Our goal is to Stuff the Mobile to the rim with much needed supplies as well as offer education to the public about the Wonderful World of Bunnies and the consequences of abandonment.

Bring out the whole family to help us
Stuff the Bunny Mobile!
